Problem Background

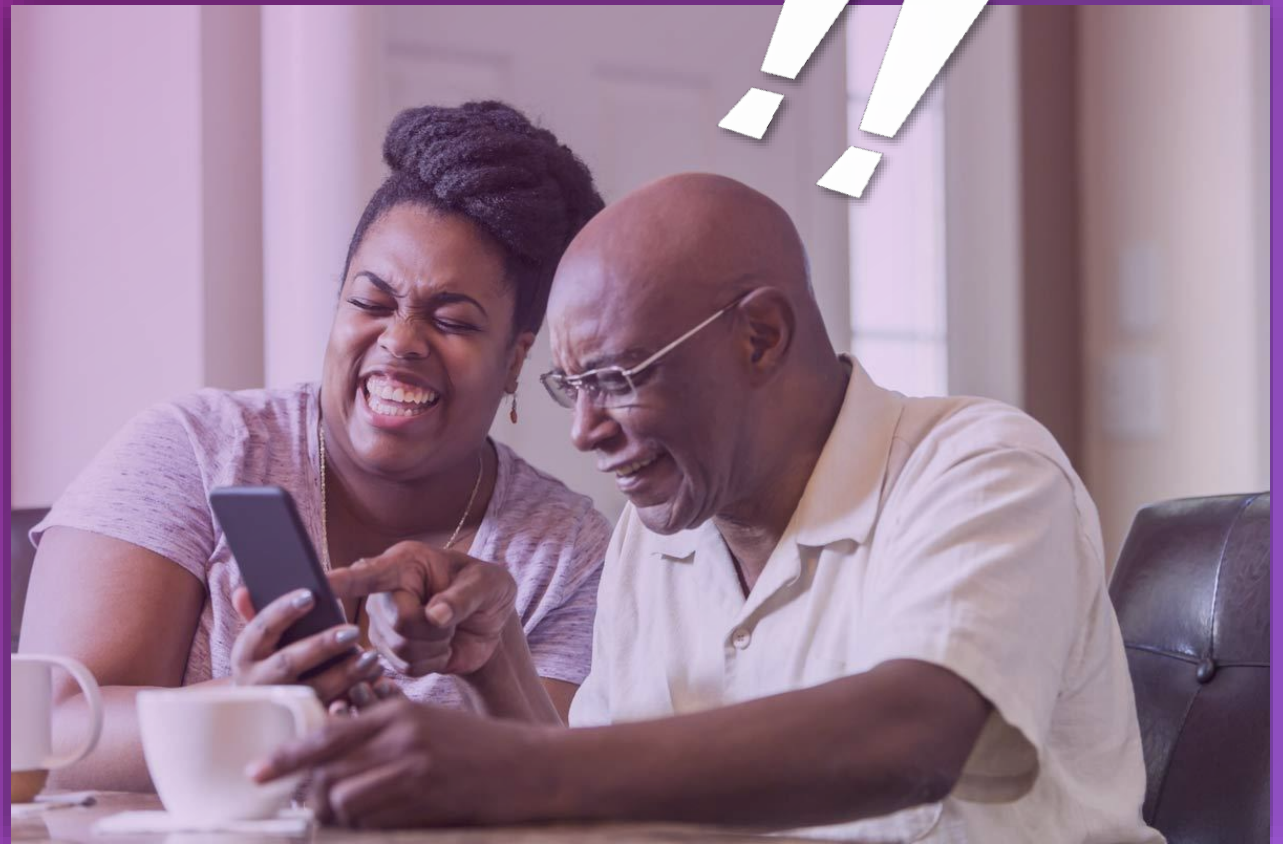

Time is Valuable, manage it as such

- Time is a resource that we all make use of daily
- Managing it is important
- Some people may need support from an app

Our target audience is adults of all ages

Young Adults – Middle Aged – Elderly Folks

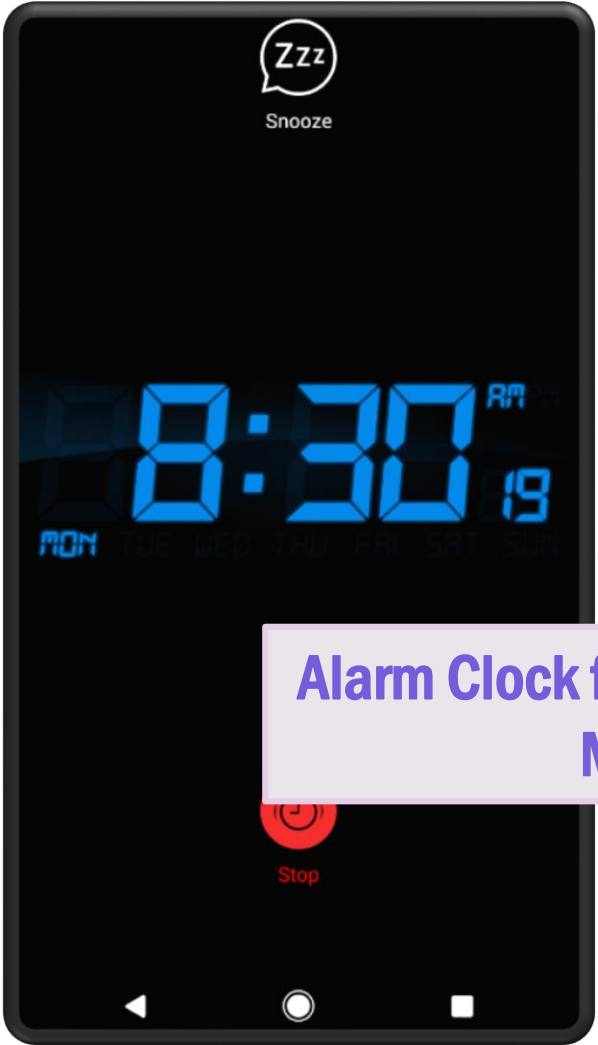

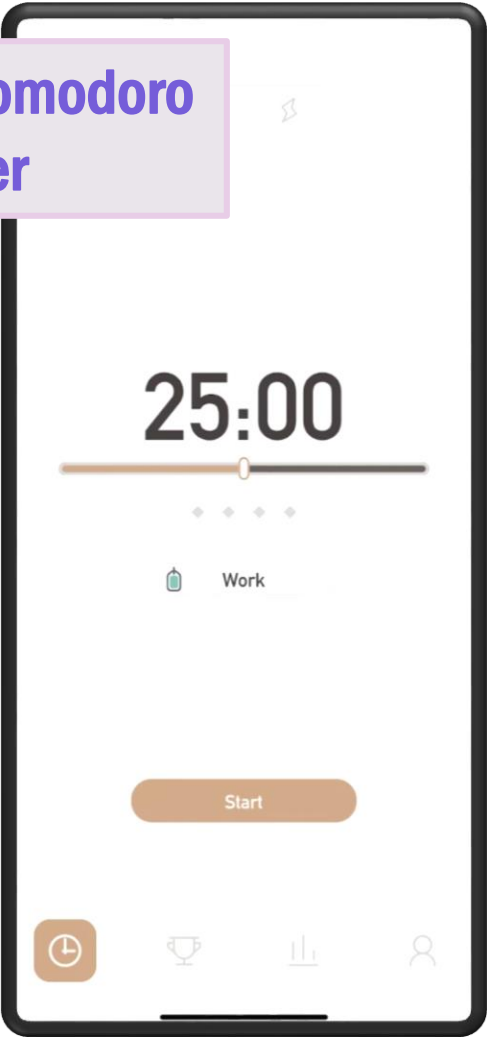

Possible Solutions: COMPETITORS

Stopwatch Pro

Striving: Pomodoro Focus Timer

Alarm Clock for Me

All in One

Everything in 1 place. Very convenient and saves a good amount of **time**

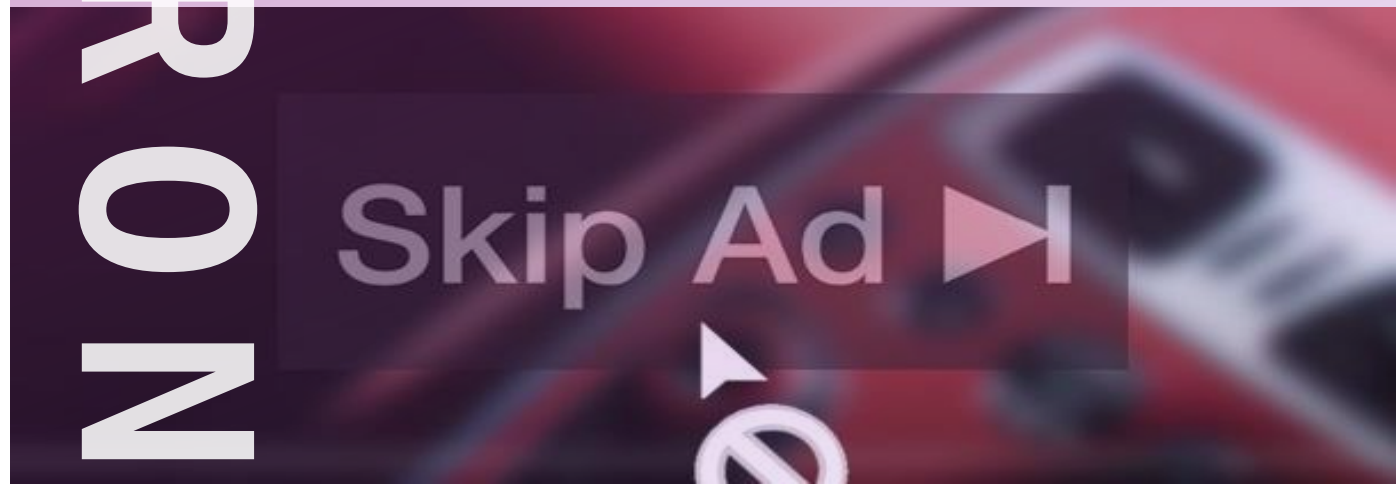

No Ads

Ads are annoying. Especially ones that cannot be skipped when you want to do something

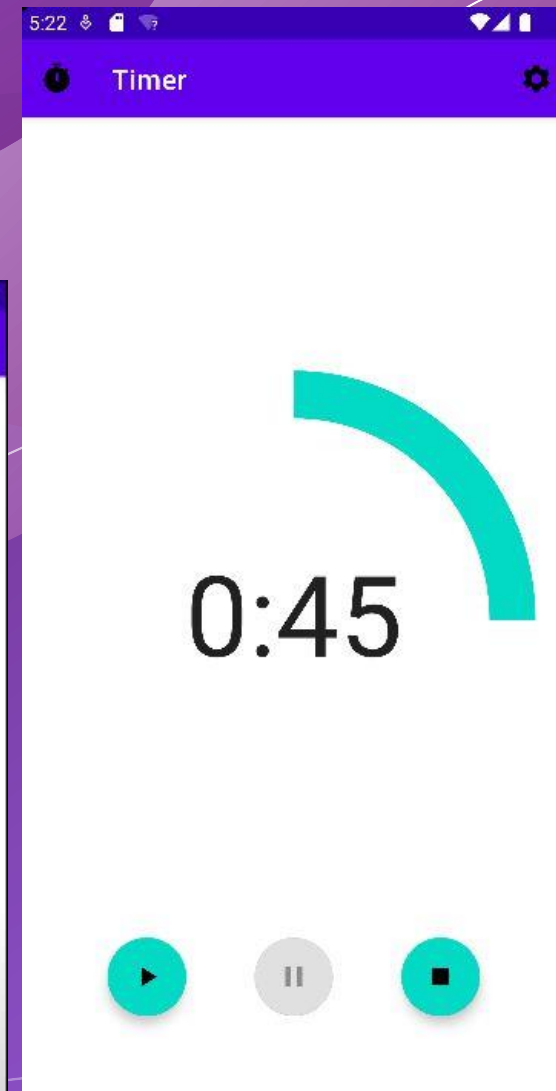

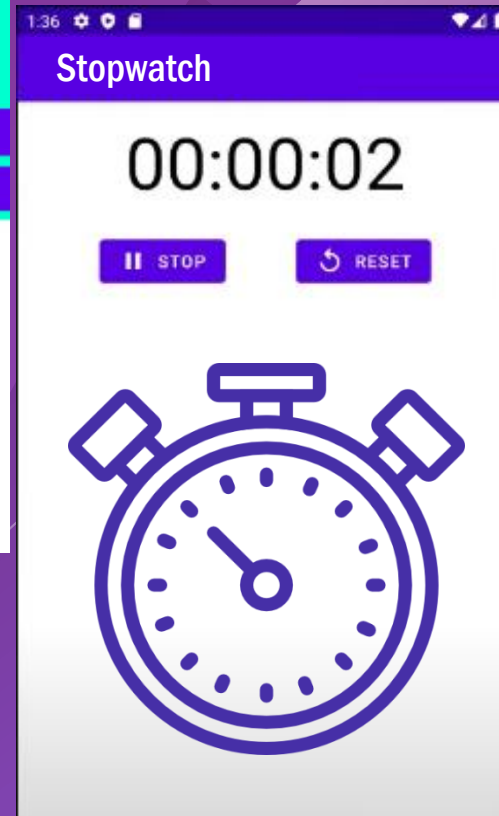

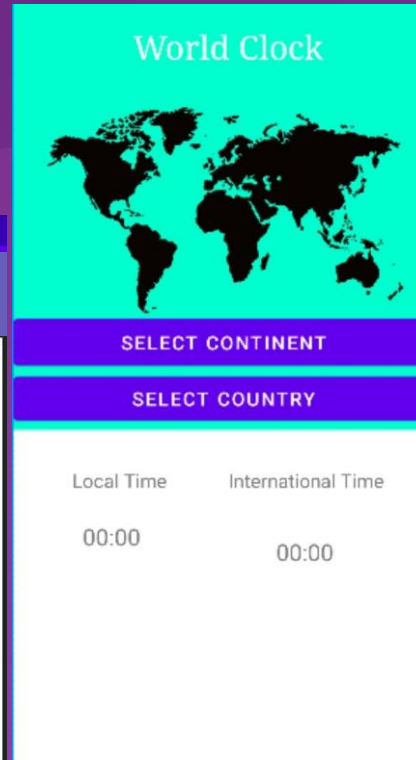

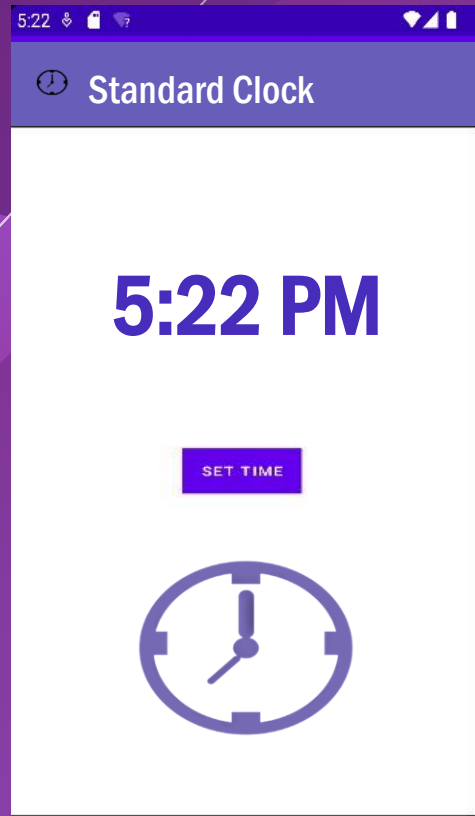

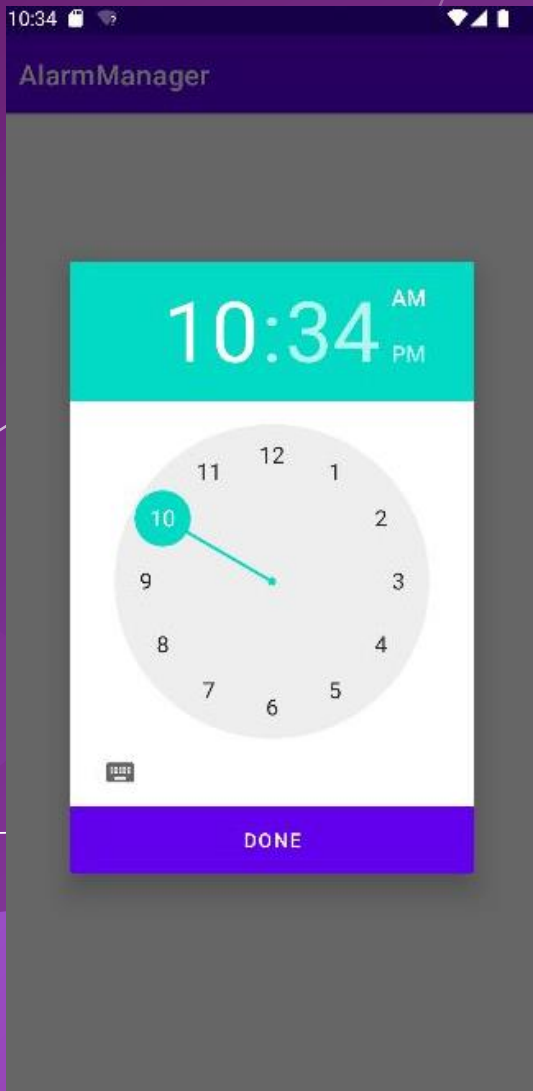

Simple Design

No need to make things complicated. A simple design is best for everyone

CHRONOS

What's Next?

- Adding functions to the clock
- Making navigation smoother
- Unifying UI elements
- Refining the code

Conclusion
